Dear Mr Williams, Joe,

I want to take a moment to say "Thank you" again, for all you have done for me via your work for my husband Bill. It is so hard to believe it is well over five years since he died of that dreadful disease. I thank you for your passion in fighting against those companies who so inconsiderately ruined the lives, cost the lives of so many. I know we must be near the end of the the cases, but I will never forget your hard work — Just wanted to let you know that. Very Sincerely —

Penelope (Penni) Cox
